Physical access

Most of the rooms including the library are located on the ground floor and the Salisbury Centre has newly built access paths and disabled toilets. However, access to the garden currently still involves a few steps and there is an upstairs studio. The role does not require physical abilities and we are keen to work together on adapting any role to your needs and skills.

If you have access needs of any kind or ideas on how to make the project more accessible, please let us know of anything we can do to support you to volunteer in the Salisbury Centre.
